OBJECTIVE

Obtain a position that will challenge my skill set; one that allows me to grow through hard work and dedication. A career that I will feel passionate waking up to every morning. In return I can offer an innovative and creative edge that will ultimately boost sales and help both the company and their clientele prosper. I look forward to creating a lasting relationship with any company or client I have the pleasure of working with.

SKILLS

xHTML, HTML 5	Wordpress	Marketing
CSS, LESS, SCSS	SEO	Adobe Suite
Javascript, JQuery	Speed Optimization	UX/UI Design
PHP	MySQL	Photography

EXPERIENCE

Web Developer & Designer

Marketing & Advertising Design Group • San Diego CA

March 2015 - Present

Oversee and develop website marketing, online advertising campaigns, programming, user interface design and visual design primarily using the Wordpress CMS through custom theme development.

Web Developer & Designer

On-Ramp Wireless, Inc. (Ingenu) • San Diego CA

July 2013 - October 2014

Create a custom Wordpress theme crafted for Onramp Wireless to reflect the new branding we previously developed in the marketing department. Worked on various collateral for tradeshow and events.
